

This is in regards to the proposed change in priority from FM to LPFM, specifically as it applies to the Christian radio station K-LOVE. Doing this would be real diservice to myself and the community as a whole. With all of the radio stations on the air that promote unethical and immoral suggestions. Not only the song lyrics themselves but also the radio commentary, making it more difficult to listen to good music would become a real problem. Where could children go to listen to some good, family friendly music that will not fill them up with terrible ideas about how to conduct their lives. Please, for those families who want something more for theic children, please do not move K-LOVE to LPFM

Thank-you
Adam Hoffman
